

```
1  #!/bin/bash
2
3  #Touch all the files in a given directory and update their timestamp.
4
5  files="$PWD"/*
6
7  #" " allows for the expansion of $ but not *
8  #Therefore we shouldn't use double quotes here.
9  #echo $files
10 #echo "$files"
11
12 for f in $files; do
13     touch "$f"
14 done
```
